Buyer Qualification & Purchase Criteria

Buyer Qualification & Purchase Criteria

Tesseract facilitates structured agricultural trade between verified exporters and qualified international buyers.

To ensure successful execution and reduce transaction risk, all buyers must meet the following qualification standards:

1. Import & Business Credentials

- Registered importing entity in destination country
- Valid import licenses and regulatory compliance
- Demonstrated track record in agricultural or food imports (preferred)

2. Financial Capability

- Ability to issue or arrange a Letter of Credit (LC) from a recognized international bank
- Banking relationship capable of handling international trade finance

3. Volume & Program Clarity

- Clear indication of required volumes per shipment
- Ability to commit to program-based or repeat orders (preferred)

4. Product & Specification Clarity

- Defined product specifications (grade, size, packaging, labeling requirements)
- Destination port and logistics preferences

5. Transaction Discipline

- Willingness to follow structured trade process (contract, LC issuance, shipment documentation)
- Acceptance of standard inspection and compliance requirements

Tesseract engages only with serious, qualified buyers to ensure efficient execution and long-term trade relationships.
