Supplier Requirements & Onboarding Criteria

Supplier Requirements & Onboarding Criteria

Tesseract operates as a trade facilitator connecting verified exporters with qualified international buyers under structured, secure trade agreements.

To ensure quality, compliance, and successful execution of transactions, all suppliers must meet the following minimum requirements:

1. Legal & Export Registration

- Registered exporting entity in South Africa
- Valid export license / registration documentation
- CIPC registration and tax compliance (available upon request)

2. Production & Packhouse Capability

- Access to certified packhouse facilities
- Ability to meet international grading and packaging standards
- Cold-chain handling capability for citrus products

3. Export Experience (Preferred)

- Prior export history to international markets
- Familiarity with documentation such as phytosanitary certificates, certificates of origin, and inspection reports

4. Trade & Payment Readiness

- Ability to transact under Letter of Credit (LC) terms
- Understanding of Incoterms (FOB, CIF, etc.)
- Willingness to comply with inspection and documentation requirements

5. Mandate Agreement

- Willingness to sign a supplier mandate agreement authorizing Tesseract to represent your product for defined markets

All documentation is handled confidentially and used solely for transaction structuring and verification purposes.
